

Create, Not Hate

What's your vision of peace and justice? What's your response to the past ten years of war? Join CODEPINK in creating art exhibits, performances, readings, murals, mosaics, kite flying, concerts and community gatherings. What will you create between now and October 6, the day the Afghanistan War started?

Go to <http://www.codepink.org/create> and post your event today.

You are key to transforming terror, moving beyond violence. Post a photo with our "Make _____, Not War" sign, create a video expressing your vision for the world, and join us in the streets as we celebrate creating community.
